AL-WAḤA الواحة

Imagine reading in a totally different alphabet — and from right to left! With more than 370 million speakers over five continents, Arabic is the world's fifth most-spoken language, and it has influenced and contributed to many others — even English. Arab cultures' global and linguistic influences on astronomy, mathematics, medicine, art, and philosophy cannot be overstated. At *Al-Wāḥa* الواحة, you'll play *korat al-qaddam* (soccer) and paddle out in a *markab* (canoe) onto the *buhayra* (lake). You'll dine on traditional foods like *shawarma* (spit-cooked meats), *falafel* (deep-fried chickpea fritters) and *baklava* (sweet, flaky pastry). Since 2006, our Arabic Language Village, *Al-Wāḥa*, has allowed complete beginners and advanced students alike to tap into cultures of the Arabic-speaking world firsthand.

Plan your Arabic language journey today.
