

SPENDING MONEY AT THE VILLAGE STORE: *CASHLESS!*

HOW DOES BANKING WORK?

Money deposited in UltraCamp's camp store account will be available while in the village. No cash or checks will be accepted during check-in. Funds deposited online will be converted to the currency used by the village.

Villagers purchase items in the village currency, such as authentic candies, snacks, cultural items and village regalia.

Unused money will be reflected in UltraCamp after the session is over and returned via the payment method used to make the deposit.

HOW MUCH MONEY SHOULD I DEPOSIT?

The amount of money sent with a villager depends on the duration of their session and what they want to purchase. On average, t-shirts are priced at \$10 to \$27, sweatshirts at \$60 and \$25 per week can be allocated for snacks.

For questions on how to upload funds to a villager's account, please contact our finance office at 218.299.4350.
