

WELCOMING NEW COBBERS

We are eager and delighted to welcome 17 international students to campus! This year's class hails from 11 countries and includes seven Davis United World College Scholars and six International Excellence Scholars. Every student was met at the airport by a fellow Clobber and welcomed with a basket containing essentials to help them feel at home. As in past years, International Student Orientation began with practical activities, including a campus tour and shopping trip, and concluded with our inaugural visit to Concordia Language Villages located in Minnesota's beautiful North Woods.

AN IMMERSIVE MINNESOTA EXPERIENCE

Since 1961, **Concordia Language Villages (CLV)** has provided language and cultural immersion programs to hundreds of thousands of students or "villagers." With our international student body growing, we knew it was time to enrich our orientation program with time at the Villages.

For two days and nights, staff and students stayed at **Skogfjorden**, the Norwegian Language Village, nestled on a secluded wooded lakefront. From campfires and s'mores to intercultural workshops, team-building activities and simply cooking together, our new students left equipped to better navigate U.S. college life and culture. The tremendous feedback we received from students and the larger Concordia community has ensured that CLV will be a mainstay of our international student orientation program!

FEATURED ACADEMIC PROGRAMS

COMPUTER SCIENCE

Understand the basics of computing, software development, computer administration, and cyber security. Concordia's data analytics team frequently places first in the Midwest Undergraduate Data Analytics Competition.

STEM

Concordia offers majors and minors in seven STEM fields, including biology, chemistry, computer science, environmental and sustainability studies, mathematics, neuroscience, and physics.

GLOBAL STUDIES

Take a wide range of classes to explore issues facing the global community that match your unique passions and interests. A great fit for students who love exploring international issues and culture, care about global issues, and can work independently.

BUSINESS

The most popular major at Concordia is business. The program offers five concentrations: economics, finance, management, and marketing.

FINANCE

Study cutting-edge curriculum in our state-of-the-art finance lab and gain hands-on training with real trading systems, including the \$130,000 student-managed Scheel Investment Fund.

HEALTH PROFESSIONS

Housed in a new state-of-the-art building, the Sanford Heimarck School of Health Professions offers several academic programs that provide students with opportunities for experiential learning.

STILL DECIDING?

Concordia students often change majors and nearly one-quarter choose to double major. Faculty advisors provide ample support and direction to help students determine their course route.
