General Parking and Traffic Regulations

Parking or driving on campus lawns, sidewalks, and service courts by unauthorized persons is prohibited.

Permits | Beginning in the 2025/2026 academic year, Concordia will implement a \$100 annual parking fee for students who choose to park on campus. Employee parking permits will be issued at no cost.

Employee Permits | Employees may park in any lot of the same color and permit code designated on their permit. Obtaining a permit does not guarantee a spot to park. Employees are not allowed to park in guest/visitor stalls at any time and are subject to a parking citation if they park in these stalls.

Student Permits | **Students are issued only one permit.** Obtaining a permit does not guarantee you a spot to park. Students may park in any lot of the same color and permit code designated on their permit.

Temporary Parking Permits | Temporary Parking Permits are issued by Parking Services for campus guests, vendors, contractors, and vehicles that will be parking for a short period of time. If you have an unregistered vehicle on campus for a short period of time, you must obtain a Temporary Parking Permit at the Parking Services office. Vehicle license plate numbers will be required when requesting a temporary permit.

Bicycle Permits | All bikes must be registered through Parking Services. Bikes should not be chained or locked up to trees, garbage cans, fences, railings, etc. Bikes should only be chained or locked up to a bike rack. Once registered, the appropriate permit must be placed on the bike. Unregistered bikes may be subject to impound at owner's expense.

Metro College Alliance/PSEO | Metro College Alliance students must register their car with their primary institution and the permit must be displayed on the vehicle. Parking for Metro College Alliance students is located in the G lots. PSEO students must register their vehicles and will work with Parking Services and the Office of Admission to get their vehicle registered.

Permit Placement | Permits must be placed on the lower left outside corner of the back windshield as viewed from behind the vehicle. Peel off the backing and press firmly to clean/dry window.

Lot Designation and Proper Parking | Concordia College lots are reserved for use by specific permit holders. Signs are posted at each lot entrance. Your parking permit code will match the lot signage code. Parking is permissible in designated spaces only. Any vehicle that does not have the specific permit required for the lot in which it is parked, or is not parked in a designated space, is subject to a parking citation. Students and employees may not park in any guest/visitor stalls and are subject to a parking citation if they park in these stalls.

Accessible Parking | Designated accessible parking is available in lots throughout the campus and identified with standard markings: blue paint and signage. State-issued Disability Parking Certificate holders are allowed to park in any designated accessible parking stall and in any non-reserved parking stall on campus. Vehicles with an ADA permit must also register for a Concordia permit if they will be parking in a non-reserved parking stall.

Away on College Business and Long-Term/Low-Use Parking

Faculty, staff, and students who need to have their vehicles on campus while away on college business should contact Parking Services as to which lot would be best to park in during this time.
