CHARTING A NEW PATH: INVESTING TO GROW

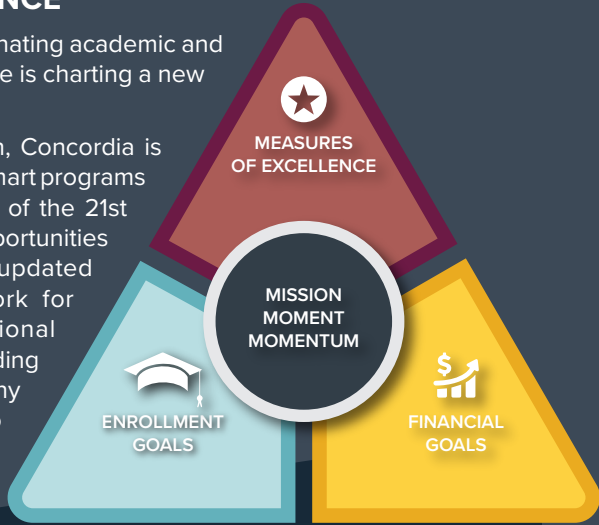

MARCH 2024

GROWTH THROUGH EXCELLENCE

In an era when many institutions are eliminating academic and co-curricular programs, Concordia College is charting a new path — we are investing to grow.

Operationalizing the 2030 strategic plan, Concordia is making strategic investments in market-smart programs that equip students for the complexities of the 21st century workplace, new co-curricular opportunities that enrich our students’ experiences, updated infrastructure that lays the groundwork for a dynamic and responsive educational environment, and new scholarships providing access and affordability to ensure as many Cobbers as possible are fully prepared to influence the affairs of the world.

EXCELLENCE IN ACTION

Concordia nursing program ranked #1 in Minnesota*

The Concordia Choir ranked #8 on the list of 20 Most Impressive College Choirs**

INVESTMENTS IN INFRASTRUCTURE

HEIMARCK CENTER DEDICATION

Concordia College celebrated the opening of the Heimarck Center, a state-of-the-art facility for the Sanford Heimarck School of Health Professions, with a ceremony attended by a community eager to see the college’s commitment to healthcare education.

TRACK AND TURF REFRESH

Concordia will break ground on the new track and turf project, which includes new field turf (that allows for the potential of adding lacrosse in the future), a new track surface, field lights, and upgraded branding for the grandstand and press box.

HOYUM HALL REFRESH

Throughout the winter, extensive renovations have been underway for Hoyum Hall, including the installation of brand-new flooring in both the dorm rooms and hallways, modernizing the lighting, applying fresh paint, and updating the furniture.

CONCORDIA LANGUAGE VILLAGES KOREAN VILLAGE

Concordia Language Villages will celebrate the grand opening of the new Korean Language Village. The first phase of construction, which will be completed this summer, will include a dining hall, administrative complex, two villager cabins, soccer field, and waterfront development.
