RESEARCH ANNUALLY**

“The hands-on lab experience with cadavers in my anatomy classes was fascinating. The material was challenging, but it felt like working through a complex, rewarding puzzle as we explored the different systems of the body.”

— GRETA TOLLEFSON '25

Majors: Biology (Pre-Med) and Psychology

ACS CHEMISTRY
APPLIED PHYSICS
BIOCHEMISTRY
BIOLOGY

STEM SCHOLARSHIPS

CLIMB Scholarship

CLIMB stands for Concordia Leads: Instructing and Mentoring in Biotechnology. This \$15,000 scholarship is open to academically talented students with demonstrated financial need and an interest in biotechnology.

STEM Discovery Scholarship

The STEM Discovery program will support STEM students who demonstrate financial need, as defined by the Office of Financial Aid, who are passionate about pursuing a STEM-related career. Eight scholarships are available to incoming students each year and awardees receive a \$6,500 annual scholarship, as well as opportunities for research and paid internships.

Concordia STEM Programs

These scholarships are open to the following STEM (Science, Technology, Engineering, Mathematics) programs:

ACS CHEMISTRY
ASTROPHYSICS
BIOCHEMISTRY
BIOLOGY
CHEMISTRY
COMPUTER SCIENCE
DATA SCIENCE

ENVIRONMENTAL AND SUSTAINABILITY STUDIES
(NATURAL SCIENCES CONCENTRATION)
MATHEMATICS
NEUROSCIENCE
PHYSICS
PRE-ENGINEERING
