STUDENT ENGAGEMENT INFO SESSIONS

Learning by Doing at Concordia | Barry Auditorium

In this panel, students will share how a range of Concordia experiences—such as internships, study abroad, community-based projects, or research—allow them to apply their classroom learning to real-world contexts. The panel will showcase how these Peak experiences in high-impact learning push students to think critically, build practical skills, and connect academic study with meaningful engagement beyond the classroom.

Planning Your Study Away Experience at Concordia | Birkeland Alumni Lounge

This session will provide an overview of Concordia's study away programs, outlining semester, academic year, and short-term faculty-led options. Come and learn about the application process, timelines, types of programs available, and the support services offered to students.

Cobbers Conduct Research | Jones C/D

In this session, you will learn about opportunities to conduct research during the academic year and in summers as an undergraduate student at Concordia. You will also learn about Concordia's annual research and creative scholarship symposium, which features Concordia student presenters.

Student Organizations and Leadership | Jones A/B

In this session, students can learn about the different areas of involvement and leadership opportunities across campus. From student government and campus events to starting your very own club, come explore student engagement at Concordia!
