Dear Aidan,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

**Thank you for your support, Aidan!**

**Dear Bradley,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson

**Dear Christopher,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson

Dear Dena,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

Dear Erich,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

**Dear Jennifer,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

**Thank you for your support, Jennifer!**

**Dear Josephine and Thomas,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

**Thank you for your support, Josephine and Thomas!**

**Dear Kenneth,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

Dear Laura,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

Thank you for your support, Laura!

Dear Mark,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

Dear Mikayla,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

Thank you for your support, Peter and Erika!

My gift to the It Takes a Village Fund

\$200  \$300  \$400  Other \$\_\_\_\_\_

Giving Method:

- Credit card  
visit [ConcordiaLanguageVillages.givingfuel.com/it-takes-a-village-fund](https://ConcordiaLanguageVillages.givingfuel.com/it-takes-a-village-fund)
- Check (payable to Concordia Language Villages)
- My employer, \_\_\_\_\_, will match this gift.  
Please contact your employer to initiate the match.
- I'd like to speak with a gift planner about my philanthropic goals.
- Concordia Language Villages is in my estate plan.

LANGUAGE VILLAGES

**Dear Roman,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

**Thank you for your support, Roman!**

**My gift to the It Takes a Village Fund**

\$100  \$250  \$400  Other \$ \_\_\_\_\_

**Giving Method:**

**VILLAGE**

**CONCORDIA**  
LANGUAGE VILLAGES

Dear Stuart,

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

Thank you for inspiring courageous global citizens!

Sincerely,

Marc Johnson  
Director of Development

**Thank you for your support, Stuart!**

LANGUAGE VILLAGES

**Dear Vincent and Barbara,**

Reflecting on last summer, I want to express my gratitude for your continued support of CLV. **This year has been one of resilience at the villages that was made easier by your generosity.** In June, Bemidji was struck by a devastating storm that caused widespread destruction across the area. While we were fortunate to not sustain major structural damage, we lost power on site for a substantial period of time. **Thanks to our dedicated staff, we were able to ensure that everyone remained safe during the storm.**

The mission of CLV is to create courageous global citizens. **That courage was on display this summer as villagers came together to care for their community.** Village staff utilized song, play, and learning through their culture to raise spirits and deepen connections. Villagers stepped up to take care of and support each other through the storm. We heard many stories of older villagers who worked alongside staff to ensure everyone was cared for during the storm. **The community that was formed that night will last a lifetime.**

Our gratitude for everyone that stepped up during the storm and its aftermath cannot be overstated. Your support for the villages honors their commitment and courage. **Join us in making a commitment to the future of Concordia Language Villages with a gift to the It Takes a Village Fund. Your gift will support the future and help deepen the sense of community we saw this summer.**

**Thank you for inspiring courageous global citizens!**

*Sincerely,*

Marc Johnson  
Director of Development

**Thank you for your support, Vincent and Barbara!**

**My gift to the It Takes a Village Fund**

\$100  \$250  \$400  Other \$ \_\_\_\_\_

**Giving Method:**
