\$1.50 per can

Bottled Water

\$1.50 per bottle

Sparkling Ice Flavored Water

\$2.00 per bottle

POLICIES

To ensure personal and public safety through responsible service of alcoholic beverages, a summary of our basic policy and guidelines are as follows.

Beer and/or wine are the only types of alcoholic beverages we serve. Bring-your-own beverage service (BYOB) is not permitted. No outside beverages are permitted at events catered on campus, including personal containers of alcohol such as flasks. Alcohol may not be taken out of the designated serving location. No disposable or to-go containers are permitted. Donated or homemade beer, wine, or other beverages are not permitted.

Whether a hosted or cash bar, we offer attended service only. There is a \$150 minimum per 100 guests. We do not allow bottles or pitchers of alcoholic beverages to be purchased or placed on tables for self-service. Food must also be served at

events where alcohol is served. Food served must be more substantial than light snacks. Catering by Concordia will determine if the food to be served is substantial enough to meet this requirement. Food may be served before or concurrent to alcohol service.

Catering by Concordia's license covers any event on campus. We cannot provide bar service for off campus events.

Additional guidelines may be implemented as individual event needs dictate. For a full list of policies, please read the Catering by Concordia Concordia College-Moorhead Alcohol Serving Policy posted on www.concordiacaters.com.
