Betsy Grams '98, co-founder and executive director of Cycle Health. CycleHealth was founded in 2014 to equip kids to power their own wellness. CycleHealth's programs are based on adventure and self-directed goal attainment, and are prescribed by pediatricians in more than 50 Twin Cities clinics through an innovative platform called Sweat Rx.

Matthew Culloton '98, Matthew Culloton, founding Artistic Director of The Singers – Minnesota Choral Artists, is a 1998 Concordia graduate and earned a master's and a doctorate from the University of Minnesota. He is Choirmaster at The House of Hope Presbyterian Church in St. Paul, Minn., an adjunct faculty member at the University of Saint Thomas and composer.

Summer 2018 was a busy one for Concordia Language Villages. We had over 4700 villagers and families from all over the world attend immersion programs at our Turtle River Lake sites just north of Bemidji and at other leased camps in northern Minnesota. This strong enrollment demonstrates the value families are placing on world language and culture education.

Thanks to a generous gift of \$5 million from the Simone Corporation and its CEO Kenny Park, we will soon begin the first phase of construction of Sup sogŭi Hosu, the Korean Language Village, on Turtle River Lake. The first Village to be built was Skogfjorden, the Norwegian Language Village, and that happened 50 years ago this summer. A special event to commemorate this milestone will be held on July 13. Sjölundén the Swedish Language Village, celebrates its 45th summer with a midsommar event on August 3. International Days are July 5 and August 9 where we will also celebrate 50 years of offering four-week high school credit sessions.

MUSIC

- Dr. René Clausen announced that he will retire following the 2019-20 academic year, concluding his service as professor of music and conductor of The Concordia Choir. Clausen is a leader in choral music as both a conductor and a composer. He is the artistic director of the Concordia Christmas Concerts. In addition to composing arrangements and original pieces for Concordia ensembles, he has written dozens of commissioned compositions including “MEMORIAL” and “Crying for a Dream” for the American Choral Directors Association. Clausen was also commissioned by Concordia to create a major work in observance of the 500th anniversary of the Reformation. The work is titled “The Passion of Jesus Christ” and premiered at Orchestra Hall in 2017.
- The Concordia Choir completed a highly successful tour through the Pacific Northwest in March. The tour featured concerts in Washington, Oregon, Montana, North Dakota, and Minnesota. The Choir also had engagements with ten high school choirs, as well as The Choir of the West at Pacific Lutheran University and a collaboration concert with The Singers – Minnesota Choral Artists at the Ordway in St. Paul. Work is now being done to plan the Choir’s 2020 tour to the Southeast United States. Updates and more information can be found at www.TheConcordiaChoir.org.
- The Concordia Orchestra completed a very successful fall domestic tour with performances in Appleton, Wausau and Chippewa Falls in Wisconsin and Roseville, Sartell and Brainerd in Minnesota. Also joining the tour was guest conductor Christoph Rehli-Fankhauser, professor of conducting at the Lucerne University of Music in Switzerland.
- The Concordia Band was invited to perform at both the Minnesota Music Educators Association Mid-Winter Clinic in Minneapolis and the North Dakota Music Educators Association Conference in Bismarck. In addition, the band was also invited to be the featured collegiate band at the Westman Honour Band concert at Brandon University in Brandon, Manitoba. As part of their annual domestic tour, the band performed a joint concert with the Encore Wind Ensemble in St. Paul, MN as well as concerts in St. Anthony Village, Albany and Staples-Motley, all in Minnesota. The band is in the beginning stages of planning their international tour to Spain in May of 2020.

ATHLETICS

- In the spring of 2018, Concordia had only one team – women's basketball – with a female head coach. Fast forward one year, and with the hiring of new volleyball head coach Faith Dooley, the Cobbers now have 5 additional female head coaches mentoring student/athletes. Dooley, who was an All-American at the University of North Dakota, joins women's golf head coach Kari Weidner-Ceniceros, Maureen Greiner of women's hockey, Rebecca O'Shurak from women's soccer and NDSU All-American Laura Januszewski who coaches both the men's and women's cross country teams. The rise of female head coaches was recognized by University of Minnesota's Tucker Center for Research on Girls and Women in Sport in their 2018-19 coaching report card that cited Concordia as the top college in the MIAC for the increase in female head coaches over the past year.
- Concordia men's track and field junior Matt Bye, Moorhead, won the heptathlon at this winter's MIAC Indoor Championship Meet and went on to finish 11th in the event at the NCAA National Indoor Meet held in Boston, Mass. Bye won the MIAC title with the second highest point total in school history.
- The Cobber men's hockey team earned its seventh consecutive berth in the MIAC playoffs this season. Concordia finished conference play with nine league wins which was the most since the 2013 season. Sophomore forward Tyler Bossert, Fargo, led the MIAC in scoring and went on to earn All-American Second Team honors to become the ninth All-American in program history.

NEW HIRES

- Concordia added two critical new leaders in the Career Center this year. Kris Olson joined the College as the new Director of the Career Center in October 2018. Jill Wenger, a Barnesville native, was hired in the role of Assistant Director of the Career Center in March 2019.
- Katie Nystuen was hired as our Health Services Coordinator this year. Part of her role is to guide students in making choices regarding their healthcare needs, and connecting them to the many quality providers in our community. Though direct care is not the focus of the Health Services Office, she is First Aid, CPR and AED certified, and can assist with triage and referral to an appropriate medical facility should an urgent situation arise, as can our Public Safety Office. One of her goals is to be more proactive and holistic regarding health and wellness programming on campus.
- Dallas Fossum joined Concordia as the new Director for Facilities Management in March. Dallas is an experienced director of facilities management and has, with his teams, completed more than \$50 million in renovations, new constructions, infrastructure, and deferred maintenance.

Dr. Abbott holds a bachelor's degree in literature/language arts education, a master's in counseling and human resource development, and a doctorate in educational administration. She currently serves as the associate vice president of academics at Minnesota State Community and Technical College. Dr. Abbott will serve as a member of the college cabinet and will continue the good work of her predecessor Tracey Moorhead as liaison to our Board of Regents.

OTHER NEWS

- Concordia's outstanding tradition of preparing students for medical school is now available to those who have completed an undergraduate degree. This intensive, 1 year program is designed for highly motivated individuals with excellent academic records, who have earned a bachelor's degree from an accredited four-year institution, but lack most or all of the prerequisite science courses needed for admission to medical school. Our program is ideal for career changers, and individuals deciding later in their academic journey, to pursue a career in medicine.
- Concordia sent 12 members to the American Forensic Association National Individual Events Tournament (AFA-NIET) at the University of Alabama, where 60 colleges and universities from across the United States competed for top honors. Concordia was one of only a few smaller colleges that placed in the top 15, which is dominated by larger research institutions.
- The Center for Student Success has a new home in the Normandy. The beautifully renovated space is open and light making for an inviting space for students. The center includes academic support, Orientation and First-Year Transition Programming, the Peer Mentor program, and the Diversity Coordinator for Student Support Services.
- More than 300 students presented their posters or spoke at concurrent sessions during Concordia's 2019 Celebration of Student Scholarship (COSS) on April 10. Some students participated in multiple presentations. New at this year's COSS was an art display with printmaking pieces and two sessions presented in Spanish. "Our goal is to keep building on the diversity of research," says Krys Strand, director of Undergraduate Research, Scholarship, and Creative Activity and coordinator of the Celebration of Student Scholarship.
- A dinner was held April 4 to celebrate the naming of Dr. Dan Biebighauser as holder of The Sigurd and Pauline Prestegaard Mundhjeld Endowed Chair of Mathematics. Biebighauser is a 2002 graduate of Concordia and joined the faculty in 2006. The holder of the Mundhjeld chair is to be a person who has provided exemplary service in teaching and scholarship in the field of mathematics and who is known and respected in the field.
