

Step 1: ADD DIRECT COSTS

These are the charges you should expect from the Business Office. Please enter your on-campus room and board charges. Detailed charges are available at www.ConcordiaCollege.edu/tuition and click on 2020-21 full time charges.

STEP 2: SUBTRACT GRANTS AND SCHOLARSHIPS

The work study opportunity should not be factored into this calculation because these funds do not credit directly to your tuition bill. If you choose to work you will receive a bi-weekly paycheck for the hours you work during that pay period. Most students choose to utilize work study dollars for personal expenses.

STEP 3: ADD OTHER CHARGES

You may have additional charges if you elect to take music lessons, ensembles, or more than 17 credits in a semester. Lessons are \$500 a semester per half-hour lesson, ensemble fees are \$75, \$175 or \$325 per semester and course overloads are \$720 per credit for each credit over 17 credits per semester. Science lab fees are \$50 per lab. Books will vary depending on class registration. Concordia recommends you budget at least \$800 annually for books. Estimate your off-campus room and board here also.

For example: If you apply for \$5,000, the school will receive funds in the amount of \$4,788. Be sure to factor these loan fees in when deciding on what amount to borrow. Some private loan lenders charge origination fees for private loans that are subtracted from the disbursement before it is sent to the school.
