CONGRATULATIONS!

College is a significant investment, but at Concordia we’re committed to helping you and your family afford your education. We start with a formula developed by the federal government to determine your expected family contribution and your financial need. We then put together a package just for you.

Here is some information to help you make sense of your financial aid offer and tips for taking the next step.

NEED-BASED GRANTS
(Do not need to be paid back)

www.ConcordiaCollege.edu/grants

Concordia Grant – Awarded based on financial need.

Federal Pell Grant – Eligibility is based on the Expected Family Contribution and Cost of Attendance. Concordia College assumes full-time status when the Pell Grant is initially awarded. The actual amount paid to the student will be based on the student’s enrollment status on the 10th day of class each semester.

Federal SEOG (Supplemental Educational Opportunity Grant) – Awarded, as funds are available, to students who are eligible to receive the Federal Pell Grant.

Minnesota State Grant – Awarded to Minnesota residents who meet state requirements.

The Minnesota State Grant Program defines a full-time student as someone who is registered for at least 15 credits. Music lessons for which you are billed will count toward the 15 credits. Ensemble credits don’t count for financial aid purposes. (Please note, Concordia College and all other financial aid programs, define full time as at least 12 credits.) However, in order to be eligible for the maximum Minnesota Grant, you must be enrolled for at least 15 credits at Concordia.

Although 15 credits are required to receive the maximum state grant each term, we recommend enrolling in the number of credits that will allow for your academic success at Concordia. Taking fewer credits each term may extend your state grant eligibility beyond eight semesters.

The actual amount of Minnesota State Grant funding you receive will be based on the number of credits for which you are enrolled on the 10th day of class, or on the day Concordia receives your grant from the State of Minnesota, whichever comes last. Minnesota State Grant is limited to 8 semesters of postsecondary attendance. If you are enrolled for less than 15 credits on the 10th day of class, you may be eligible for a reduced amount.

Students must submit a FAFSA within 30 days of the start of the term at their school in order to receive a Minnesota State Grant for that term.

Summer Ministry Grant – Students working as Bible camp counselors during the entire summer season may qualify for a $500 Summer Ministry Grant. Verification of employment by the camp director is required by June 30.

SCHOLARSHIPS
(Do not need to be paid back)

Concordia Scholarships

Merit-based Scholarships – Recognizes the abilities and talents of students. Find more information at www.ConcordiaCollege.edu/scholarships. Students must be full-time (at least 12 credits), assessed full-time tuition and not possess a bachelor’s degree. Concordia scholarships may be replaced or renamed with donor-funded awards.

External Scholarships

This past year, Concordia College students received more than $1.24 million in scholarships from local foundations, high schools, community agencies, clubs, social and fraternal organizations, businesses and employers, etc. It is truly worth a student’s time to search for these opportunities.

Concordia Congregational Matching Scholarship – If you are awarded a congregational scholarship by your church, notification of this scholarship must be received by the Financial Aid Office by Aug. 15, 2021, to be eligible for the matching scholarship. Even if the scholarship is for second semester, the deadline is still Aug. 15. Concordia will match up to $1,000 per year. It is not acceptable for parents or other relatives to contribute to the Concordia Congregational Matching Scholarship and to designate their relative as the recipient. This is a violation of tax law that can jeopardize nonprofit status for both Concordia and the church. Concordia reserves the right to refuse matching funds if the program is used improperly. For more information, see ConcordiaCollege.edu/congregational.

Reporting – Students receiving funding from outside sources must notify the Financial Aid Office of these funds. Contact the Financial Aid Office if you have questions about how external scholarships may affect your overall aid package. Students may report their external scholarships via CobberNet or by submitting a scholarship reporting form located at ConcordiaCollege.edu/finaidforms2122.

Donor Requests and Disbursement – In most cases, the donor of the scholarship will provide details on how and when the funds will be disbursed or if you are required to submit any documentation to the donor before any funds will be released. If the scholarship donor requests that the college bill them, you can print a copy of your bill on CobberNet after July 15, 2021. If the scholarship donor requests that enrollment or grades be verified, print your schedule and/or grades from CobberNet as they become available. Please contact the donor if you have questions regarding your external scholarship.

If your donor sends a check to you, endorse the check, if needed, and forward it to the Financial Aid Office. If the donor sends the check to Concordia College, the Business Office will notify you if it requires your signature. External scholarship checks will be applied to your student account as they are received.

Disbursements – External scholarships will be credited to your student account in two equal disbursements during the fall and spring semesters unless the donor requests in writing that all funds be credited to either the first or second semester.

VIEW AND PAY YOUR STATEMENT

Ways to Pay your Fees
1. Cash – in Business Office
2. Check/Money order – in Business Office or via mail
3. Electronic Check (checking or savings) – online
4. Credit Card (American Express, Discover, MasterCard or VISA) – online. A convenience fee of 2.85% of the transaction amount will be assessed.
5. International Wire via Western Union – online

How can Students View or Pay Fees Online?
1. Log on to CobberNet at cobbernet.cord.edu.
2. Click on TouchNet at the top of the screen
Please note that the CobberNet site is for student use only – parents should use the “authorized user login” site (students will need to designate parents as an “authorized user” first – see instructions under section titled “Can my Parents View or Pay Fees Online”).

To View your eStatement
1. Click on the “View Statements” button in the Statements area in the center of the page.
2. Select a statement date to view from the drop down menu.
3. Click “View,” next to the statement you wish to view.

To Make a Payment
1. Click on “Make Payment” from the navigation bar
2. Select payment (amounts are editable on the right)
3. Click Continue
4. Select Payment Method from drop down menu and click Select
5. Follow directions according to payment method
   a. Electronic Check (Savings or Checking)
   b. Credit Card via PayPath (American Express, Discover, MasterCard or VISA)
   c. International Wire via Western Union

Electronic Refunds Setup
1. Click on the “Electronic Refunds” from the My Profile Setup area on the right side
2. Click Set Up Account
3. Select the bank account where you wish the deposit to be sent and click Continue
   OR Enter required information from a U.S. bank account for a new account
Reminder: You will need to request any refunds from the Business Office. Refunds are not automatically issued. You can email businessoffice@cord.edu or call 218.299.3150.

Can My Parents View or Pay Fees Online?
Yes, if the student has designated them as an “authorized user.” The student may add as many authorized users as they wish. To do this:
1. Click on the “Authorized Users” from the My Profile Setup area on the right side
2. Enter the email address and answer the two questions
3. Click Continue
4. Your authorized user(s) will receive login instructions and a randomly generated password. After they have logged in with their email address and this password, they will be able to update a profile and choose a new password.

Authorized User Login

How will I Receive my Tuition and Fees Statements?
All monthly statements are available online and are due the 15th of the following month. Emails will be sent to students at their Concordia email address indicating that a new billing statement is ready for viewing shortly after the 15th of each month. The email provides a link to CobberNet and once logged in, students can access the Statements by selecting the TouchNet link at the top of the CobberNet page. We strongly suggest you make your parent(s) “Authorized Users” so that they may view your monthly statement.

Summer Sessions: Statements will not be mailed, but are available electronically on CobberNet mid-May. Fees are due by June 15. Please refer to instructions on how to view and pay online.

What information do I need to return to the Business Office?
If mailing your payment, please include the student’s ID number on the check.

When Will Financial Aid Credit or Disburse to My Account?
At Concordia College, aid generally pays to your student account the Friday prior to classes beginning for a term in accordance with federal guidelines. Anticipated financial aid will reflect on your initial statement as “Authorized Financial Aid” or “Memoed Financial Aid” depending on the type of financial aid. The anticipated financial aid is reflected in the amount due on your statement even though it has not disbursed to your account. If a balance is still owed, please make this payment to the Business Office by the due date listed on the statement or make other arrangements to pay the difference (i.e., sign up for a monthly payment plan through the Business Office website or apply for a federal PLUS or private loan – information on these options can be viewed on pages 9 and 10 respectively).

Payment Plan
ConcordiaCollege.edu/paymentplan

Details on a monthly payment plan can be found at ConcordiaCollege/paymentplan
The work-study program provides an opportunity for all undergraduate students enrolled at Concordia at least half time (6 credits) to work on campus. Students must be degree seeking and cannot work more than 998 hours per year (May 1-April 30) on campus. Students who are employed through the work-study program receive a biweekly paycheck for the hours worked during that pay period.

Students seeking employment through the America Reads Program as a reading tutor or site coordinator must qualify for need-based Federal work study. If you have need-based Federal work study you will have a message on your financial aid award notice and on CobberNet notifying you. All job openings are listed in Concordia’s Handshake on the Career Center website – ConcordiaCollege.edu/career. Handshake can also be downloaded on to any smartphone or tablet device. Handshake will include the following categories: on-campus, part-time off campus, internship for credit and not for credit, full time/career, seasonal, summer, and volunteer jobs.

To see the latest postings, log in to Handshake with your Concordia email and password or stop by the Career Center in the Parke Leadership Center on the 2nd floor of the campus center.

Starting Wages – The starting wage for most jobs on campus is $10.08 per hour as of Jan. 1, 2021. During the academic year, no Social Security and Medicare taxes are withheld from on-campus employment earnings, as long as you are enrolled in the required credit hours.

Student Employees – All regular students, enrolled at least half time, are eligible to work on campus regardless of financial need, though some positions are only open to those students who qualify for Federal work study, a form of need-based aid.

Common Forms – Here are some of the most common employment forms you may be asked to fill out for your on-campus job:
- I-9: establishes your identity and eligibility to work in the U.S. You may not begin work until an I-9 form, including documentation, is completed online. If the student needs to complete an I-9, an email with a link with a list of acceptable documents, which must be originals, will be sent. This email goes out to the student after a work cert has been completed.
- W-4: identifies your income tax withholding allowance from your wages, complete on CobberNet
- MW-R: allows North Dakota and Michigan students to exempt themselves from Minnesota withholdings, complete on CobberNet
- Direct Deposit: allows your paycheck to be automatically deposited in a checking and/or savings account, complete on CobberNet

If your family’s financial situation will be substantially worse because of any of the following circumstances, complete an appeal form and verification worksheet found at ConcordiaCollege.edu/financialaid after Jan. 2, 2021, and forward it to the Financial Aid Office along with a signed copy of your parents’ 2019 federal tax return, W-2 forms and a statement outlining your special circumstances.

Reasons you may want to file a financial aid appeal:
1. Extraordinary medical expenses not covered by insurance (amounts approximately in excess of 7 percent of adjusted gross income)
2. Elementary or secondary tuition for siblings or dependent children
3. Significantly reduced parental income
4. Significantly reduced student income
5. Death of a parent after the FAFSA was completed
6. Divorce or separation of your parents after the FAFSA was completed
7. Child and elder care expenses
8. Other unusual, uncontrollable circumstances that will affect your family’s ability to contribute to college costs

Your appeal will be evaluated once we have received the appeal form, verification form, tax return, W-2s, written statement, supporting documentation and FAFSA. Appeals may not be considered until financial aid has been awarded to students who have applied on a timely basis.

Filing an appeal does not guarantee that additional financial aid will be awarded. Due to limited resources students are expected to borrow full federal loan eligibility prior to filing an appeal.
Satisfactory Academic Progress Policy

Policy

In accordance with federal and state regulations, all undergraduate students must demonstrate satisfactory academic progress toward the attainment of a degree. At Concordia College, satisfactory academic progress is monitored at the end of every academic term (i.e., semester and/or summer school).

All students are subject to the standards outlined here even if financial aid was not received in the past. There are three distinct dimensions to the satisfactory academic progress standards: maintaining the minimum required grade point average, successfully completing a degree at the required pace, and completing your program of study within an established time frame.

At minimum, students must maintain the academic progress requirements outlined in the chart below and obtain a first Bachelor of Arts degree within 189 attempted credits or a Bachelor of Music (BM) degree within 213 attempted credits.

Admission to Concordia College or academic standing as defined by the Registrar's Office does not necessarily constitute maintaining satisfactory academic progress for purposes of financial aid.

Programs Covered by this Policy

All federal, state and institutional scholarship, grant, loan and work-study programs are covered by this policy. Institutional scholarships and awards are covered by this policy and are also subject to the criteria defined for the specific scholarship/award.

Monitoring Progress

A student's progress will be monitored at the end of fall and spring semesters and summer school. The overall cumulative grade point average (GPA), pace and maximum time frame assessment will be based on the student's entire academic record, including all transfer credits accepted.

Maximum Time Frame

Undergraduate students may receive financial aid assuming the student can attain the degree within 150 percent of the published program length. Thus, students seeking a Bachelor of Arts (BA) degree must complete all degree requirements within 189 attempted credits; Bachelor of Music (BM) students within 213 attempted credits. Attempted credits include all "I," "F," "DR," "U," "W," "NG" and "NR" grades; along with satisfactory grades of "A," "B," "C," "D," and "S," including pluses and minuses. Unsatisfactory grades are "F," "DR," "U," "NG," "I," "W" and "NR." Both Concordia credits and transfer credits are used to calculate pace.

Minimum Cumulative Grade Point Average

A student must obtain at least a cumulative GPA of 1.7 at the end of the first academic term, a 1.8 at the end of the second academic term, a 1.9 at the end of the third academic term and a 2.0 or greater thereafter. Prior to Fall 2016, Concordia and transfer courses (i.e., overall cumulative GPA) were used to calculate the overall cumulative GPA. Beginning Fall 2016, transfer grades accepted are reflected as an "S" grade and will not be calculated in either the transfer GPA or overall cumulative GPA. Grades of "NG," "NR," "S," "I," "W," "U" and "DR" do not affect the GPA calculation. Grade change to an incomplete ("I") grade will affect the GPA calculation once the final grade is submitted.

Failure to Maintain Satisfactory Academic Progress

A student who does not meet the above standards of satisfactory academic progress at the end of each academic term will automatically be placed on financial aid warning for the following academic term. Students on financial aid warning may continue to receive financial aid for one payment period even though they are not meeting the minimum satisfactory academic progress standards. At the end of the warning period a student's satisfactory progress will be evaluated again. If it is determined that the student is meeting the minimum progress standards, the student will be considered to be in good standing and may receive financial aid in the upcoming term. If the student fails to meet the minimum satisfactory academic standards after the warning period, aid will be suspended for the upcoming term.

Students will be placed on SUSPENDED status if they:

- fail to make financial aid satisfactory academic progress while on WARNING status; or
- have a cumulative GPA below 2.0 after two years of college attendance (two years of college attendance is defined as any four semesters of attendance, including summer); or
- are dismissed from college.
Students whose financial aid has been suspended are not eligible to receive financial aid until they meet one of the following conditions:

- continue to attend Concordia College at their own expense and return to full compliance with all parts of the Satisfactory Academic Progress policy; or
- demonstrates special circumstances to justify appeal consideration.

Students will be notified in writing if they have been placed on warning or suspension. Many times this may be via your Concordia email address especially when breaks between terms are less than two weeks.

Right to Appeal

A student whose financial aid has been suspended can submit a written appeal to the Financial Aid Office. An appeal form is included with the suspension notification and is also available in the Financial Aid Office.

The appeal form and supporting documentation should be submitted to the associate director of Financial Aid in the Welcome Center by the deadline indicated in the suspension notification. The appeal should clearly detail the mitigating circumstances that hindered the student’s academic performance and relevant documentation should accompany the appeal form. Acceptable reasons for appeal include but are not limited to: illness or injury of the student, illness or death of an immediate relative of the student, military service, divorce or separation of student/spouse, etc.

Acceptable reasons to appeal maximum time frame suspension include but are not limited to: change of major, transfer credits that did not apply toward your degree/program, and private music instruction credits for students, not majoring or minoring in music. Seeking multiple majors or minors and/or participating in the flex year option are not acceptable reasons to exceed maximum time frame limits.

If an appeal is granted, or approved, the student will be placed on financial aid probation and aid eligibility will be reinstated for one academic term. Concordia may develop individual academic plans for students whose appeal has been approved if it is evident that the student cannot attain, or is unlikely to attain, the satisfactory academic progress standards after completing one period of coursework, or if outside assistance is required (i.e., working with an academic counselor, personal counselor or other resources) to improve the situation. The purpose of an academic plan is to ensure that the student is able to meet the institution’s satisfactory academic progress standards by a specific point in time. Assuming the student meets all conditions of the academic plan for the term, or meets the minimum satisfactory academic progress standards, the student can continue to receive aid in subsequent terms. If the student fails to meet the minimum satisfactory academic progress standards or the conditions of the academic plan, future aid is suspended until the student is in full compliance with all satisfactory academic progress standards or provides justification for another appeal consideration.

Action taken on a financial aid appeal is final and is transmitted to the student in writing. Appeals should be submitted by the deadline detailed in the suspension notification. Depending on the timeliness of the appeal, it is possible for a student to have an appeal denied and also not be entitled to a refund of charges if the student chooses to withdraw from classes. A student who enrolls and attends class whose appeal is subsequently denied will be eligible for a refund of charges based solely on the schedule of refunds in the Business Office.

WITHDRAWAL POLICY

Return of Title IV (Federal) Aid:

When a student ceases to attend all classes during a given semester or summer school, a calculation of “earned” versus “unearned” federal aid must be determined. This federal policy assumes you earn your aid based on how much time has elapsed in the term. For instance, if there are 100 days in a term, and you withdraw on day 20, you have earned 20 percent of your federal aid. All remaining federal student aid is unearned and must be returned. As a result, your earned federal student aid may not cover all unpaid institutional charges due to Concordia College at the time of withdrawal.

If you are taking courses in more than one block (i.e., part of term) and withdraw from all active courses you will be considered withdrawn unless Concordia College obtains a written confirmation from you stating you will be attending a later block in the same semester/summer school at the time of the withdrawal request. This pertains even if you are currently enrolled in a later block course. Unless Concordia obtains written confirmation from you at the time of withdrawal, all future classes for the semester/summer school will be dropped (34 CFR 668.22).

The withdrawal date is the date you begin the withdrawal process. If you fail to withdraw officially, the withdrawal date will become the midpoint of the term, unless the institution can document a later date. In certain circumstances if an earlier date of last academic activity is determined, this date may be used in the calculation of “earned” federal aid.

If you withdraw before completing 60.01 percent of the term, you “earn” federal funds in direct proportion to the length of time you were enrolled. The percentage of earned aid is determined by dividing the total number of calendar days enrolled by the total number of calendar days in the term. If you complete 60.01 percent of the term or more, you earn all federal financial aid for the term.

The responsibility to repay unearned aid is shared by the institution (Concordia) and the student. The institution’s share is the lesser of the unearned aid or unearned institutional charges. The institution’s share must be repaid to the federal aid programs in the following order, before the student’s share is considered:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Federal PLUS Loan
4. Federal Pell Grant
5. Federal Supplemental Educational Opportunity Grant (SEOG)
6. Federal TEACH Grant
7. Iraq and Afghanistan Service Grant
8. Other Title IV Assistance

Concordia College will return the unearned federal aid within 45 days of the student’s withdrawal date or the date the college became aware that the student withdrew.

If you are required to repay a portion of your loan through the student’s share calculation, you will not be expected to return those funds immediately, but rather when repayment begins according to the terms and conditions of the promissory note. If your share includes grant funds, federal rules allow the grant to be reduced by 50 percent, and Concordia College will repay these grant programs on your behalf. You will then be responsible for repaying the money back to Concordia College. A payment arrangement can be made with Concordia’s Business Office.
WITHDRAWAL POLICY

How to Withdraw

To officially withdraw you must contact the Center for Student Success, which is open from 8 a.m. to 4:30 p.m. Monday through Friday. It is our preference you complete the necessary paperwork indicating your intent to withdraw; however, if your circumstance prevents this please contact the Center for Student Success at 218.299.4551.

If you would like to rescind a withdrawal and regain financial aid eligibility for courses in progress of being withdrawn, you must submit a written request to the Center for Student Success. The reinstatement of financial aid eligibility will be contingent upon you being granted a return to the same courses from which you originally withdrew (34 CFR 668.22).

Institutional, State, Private and Tuition Assistance Refund Policy

The Return of Title IV policy, cited above, only considers federal aid. Concordia is also required to determine if any institutional, state or private financial aid must be returned if you completely withdraw. Concordia offers prorated tuition refunds through the eighth week of fall or spring semester, room and board refunds are prorated as well.

If you withdraw during a period of time that allows for a refund of tuition, a portion or all of your institutional, state and/or private funding may be reduced or cancelled. If you receive a 100 percent tuition refund on all courses for a particular term, all institutional and state funding must be returned to the appropriate aid program(s). If your institutional refund was not used to fully repay the return of Title IV aid, a proportional share of the remaining institutional refund must be returned to the appropriate non-federal aid program.

If you are using military tuition assistance (TA) to pay for your education, unearned military tuition assistance payments are refunded back to the sponsoring military branch in accordance with the Department of Defense Memorandum of Understanding.
WHERE TO SAY “THANKS” FOR THE AID

You are strongly encouraged to express your appreciation for the funds you have received. Donors and legislators appreciate hearing how they make it possible for you to attend Concordia. Competition for higher education funding is growing. By thanking your donors, as well as your legislators, you are helping to ensure that future students will continue to receive funding.

Concordia Scholarships

Recipients of endowed or restricted scholarships will be contacted by the Advancement Office. Advancement will provide the student the opportunity and information needed to send a “thank you” to the donor.

Federal Financial Aid

Minnesota State Aid

To express your appreciation for your Minnesota State Grant, Minnesota GI Bill, SELF Loan or State Work Study, you can write to your elected Minnesota legislators. Contact information is available for your Minnesota Legislature representatives at www.leg.state.mn.us/leg/districtfinder.aspx.

Federal loans that the U.S. Department of Education pays the interest on while you’re in school at least half-time, for the first six months after you leave school (referred to as a grace period), and during a period of deferment (a postponement of loan payments).

Direct Unsubsidized Loan – Federal loans that the borrower is responsible for paying the interest on once the funds have been disbursed (paid) to a school. If you choose not to pay the interest while you are in school and during grace periods and deferment or forbearance periods, your interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan).

Expected Family Contribution (EFC) – A calculation the Free Application for Federal Student Aid assigns a family. This calculation is used by your college to calculate the amount of financial aid you are eligible to receive. This is not the amount of money your family will have to pay for college, nor is it the amount of financial aid you will receive.

Financial Need – The difference between the cost of attendance (COA) at a college and the Expected Family Contribution (EFC). While COA varies from school to school, your EFC does not change based on the college you attend.

Full-Time Enrollment – Undergraduate full-time enrollment is defined as 12 academic credits per semester for federal aid programs. For the Minnesota State Grant program you must be enrolled in at least 15 credits each term to qualify for the maximum amount. Music lessons for which you are billed will count toward the full-time status, but ensembles, such as band and choir do not count.

Gift Aid – Financial aid funds that do not need to be repaid. Grants, scholarships and awards are examples of gift aid.

Grants – Financial aid funds that do not have to be repaid. Grants are often need-based and require the completion of the Free Application for Federal Student Aid (FAFSA).

Indirect Cost – An estimate of personal and educational expenses that is not directly billed by the college. Indirect costs include books, transportation, and other living expenses (e.g., rent and food). Although financial aid may cover some of these indirect costs, you’re responsible for paying them.

Merit Scholarship – The Concordia Excellence or Presidential Scholarship are based on academic achievement upon admission to Concordia College. These undergraduate scholarships require full-time enrollment (12 or more credits per semester) and are renewable for up to 8 semesters or graduation, whichever comes first. The annual scholarship is disbursed each half semester. This scholarship is not available during summer school. All or a portion of this scholarship may be replaced with a named scholarship in the future.

Minnesota State Grant – Awarded to Minnesota residents who meet state requirements and complete the Free Application for Federal Student Aid (FAFSA). The Minnesota grant program defines a full-time student as someone who is registered for at least 15 credits a semester. These requirements are set by the State of Minnesota, not Concordia College.

Need-based Aid – Financial Aid based on a student’s financial need. Example: A need-based grant might be awarded based on a student’s low income.

Net Price – An estimate of the actual cost that a student and their family need to pay in a given year to cover education expenses for the student to attend a particular college. Net price is determined by taking the college’s cost of attendance and subtracting any grants, scholarships or awards for which the student may be eligible.

Parent PLUS Loan – A loan available to the parents of dependent undergraduate students for which the borrower is fully responsible for repaying the interest regardless of the loan status.

Private Loan – A nonfederal loan made by a lender such as a bank, credit union, state agency or school.

Satisfactory Academic Progress – The process a school uses to determine if a student is meeting all of their educational requirements and is on target to graduate on time with a degree or certificate.

Scholarships – Financial aid funds that do not have to be repaid. Scholarships are based on academic or other achievements to help pay for education expenses. Some scholarships are need-based as well. Schip is a commonly used abbreviation for scholarship.

Work Study – A student aid program that provides part-time employment while the student is enrolled in school to help pay their education expenses. The student must seek out and apply for work-study jobs at their school. The student will be paid directly for the hours they work. See page 14 of this handbook for more details regarding work.

GLOSSARY

Award – Financial aid funds that do not need to be repaid.

Bachelor of Music Credit – Students seeking a Bachelor of Music degree who are enrolled full-time and registered in music lessons and music ensembles may receive up to a $550 credit to help offset music lessons. These funds do not need to be repaid.

Census Date – The date your federal and state grant aid is locked in for the term (i.e., usually the 10th day of each term). Adding credits after this date will not allow additional federal or state grant aid to be offered.

CobberNet – The student portal where a student logs into Concordia College’s website to access important program information. By clicking on the Banner link a student can view financial aid information such as documents that are needed, financial aid messages, aid offered, costs, etc.

Cost of Attendance (COA) – The estimated total cost of attending an institution for one academic year. COA includes tuition and fees; housing and meals; and allowances for books, supplies, transportation and personal expenses. Billed costs are amounts the college will bill you directly (i.e., tuition, fees, on-campus housing, meal plans, music lessons, etc.) on a semester basis. Indirect costs may include off-campus housing, books and supplies, transportation and personal expenses.

Direct Subsidized Loan – Federal loans that the U.S. Department of Education pays the interest on while you’re in school at least half-time, for the first six months after you leave school (referred to as a grace period), and during a period of deferment (a postponement of loan payments).
