

View “Welcome All Wonders!” Virtually This Christmas

While no virtual experience can replace the spectacle that is attending an in-person Concordia Christmas Concert, our Virtual Christmas Concert option enables those who are unable to travel to an in-person concert to experience the magic of the Christmas Concerts and provides a meaningful way for those who do attend in-person to relive the special memories they make.

In preparation for the 100th Christmas Concerts in 2026, instead of recording the Orchestra Hall performances this year, we will test a new system to video record “Welcome All Wonders!” during our concerts in Moorhead. We will create a slightly shortened version of the concert to make available for online, on-demand viewing Dec. 21-Jan. 8. Registration is required to view — register at ConcordiaChristmas.com. Don’t miss viewing the first recorded Moorhead concerts since 2016!

REGISTER NOW

Tickets Still Available for All Performances

There are still tickets available for all in-person Christmas Concert performances in Moorhead and Minneapolis, but they are selling fast! Make sure to reserve your family’s tickets today at ConcordiaChristmas.com.
